

**Circulaire N° 2 – 2023/03/13**

## **Amendment to the rules for Sambo Opens**

### **1. UPGRADE**

National or international OPEN type organizations authorize adjustments and groupings of age and weight categories.

In order to enrich the practice to offer more fights, it is possible to bring together, for example, the minors with the juniors in a single age category. Or the Hopes with the Seniors.

Clubs which ENGAGE competitors in OPENS accept this principle of possible upgrade. In this case, the rankings are not made by official category, but by the higher category. An athlete alone in a category, or who does not accept an upgrade to the higher category, will not be able to claim a ranking and a medal.

### **2. CATEGORIES**

Combat sambo categories of less than 6 athletes compete in groups and not in tables. (unless otherwise decided by the CSNS organizers).
